## 3 Features of ORBIA

---

---

### 1. Well-structured body from sourness and sweetness

Two flavors of original in rice - sourness and sweetness  
amazingly matches well with heavy and savory dishes.

### 2. Balanced mildness and roundness

The sour taste and sweetness from rice becomes surprisingly  
smooth and mild, after being aged in an Oak Barrel.

### 3. Strong aroma from Oak barrel

Oak barrel used for wines gives Sake its unique fruity fragrance.  
Roasted inner barrel adds nuances of vanilla and honey inviting you  
to a deeper and richer taste.
